Captain Lazar's Message

Super Bowl City

The plans are in place and we are looking forward to a safe and enjoyable Super Bowl City event beginning Saturday. The event will run for 9 days, ending on Super Bowl Sunday, February 7, 2016. We will have sufficient resources to manage the event and provide police services in our neighborhoods.

Please take a look at sfmta.com/sb50 for traffic routes. You may also check Super Bowl 50 websites for the list of activities.

We Are Grateful for the Support

On January 21, 2016, a resident of the City sent the following email to me and the Department's Media Relations Unit:

"As a San Francisco native, taxi driver and resident, I just wanted to send an email reminding officers their support in the community. Don't be discouraged by the hecklers and boos, I thank you and am grateful for your service to our safety, admittedly even after paying quite a few traffic and parking citations to the City coffers. I've always been treated politely and with respect by each different and diverse officer I've encountered. I understand the tough job officers have out there on the streets and simply wanted to take some time out of my day to say thank you SFPD. Hold your head up high because the silent majority of San Francisco recognizes and is grateful fo your dedication and sacrifice to our community. Keep on keeping on."

Our officers are grateful to receive these emails.

I would like to conclude this week's newsletter by highlighting some great police work:

On January 3, 2016, **Officers Johnson and Urbano** were on patrol in the early morning hours at around 5:50 a.m. when they noticed a vehicle they believed was involved in a robbery. Their keen observation skills resulted in a traffic stop on the 400 block of Filbert Street. Three suspects were taken into custody along with an airsoft gun, ski mask and other evidence related to the robbery they were involved in. It was obvious they were looking to rob others in North Beach.

Continued from page 1

On January 11, 2016, **Officers Kurt MacAulay and James Johnson** responded to the 500 block of Chestnut in North Beach on a burglary. The call was around 5:00 p.m. As a result, they were able to detain a person who was in possession of a multi tool device, bolt cutters, acetylene torch, a torch lighter, pliers and gloves. These officers did a tremendous job preventing a North Beach burglary.

On January 19, 2016, **Officer Pavel Khmarskiy** responded to the 800 block of Geary Street regarding a burglary. There, he observed the video surveillance system which displayed the burglary suspects. As Officer Khmarskiy left the premise, he noticed one of the suspects across the street in which he identified from the video. This led to the capture of the second suspect and evidence. A great job and example of why installing video cameras are important!

On January 24, 2016, the plainclothes team, **Sergeant Arlin Vanderbilt, Officers Carmichael Reyes, Edmund Huang, Al Ciudad, Josh Tiimalu and James Johnson** observed a person on the 100 block of Greenwich who was riding a bicycle and looking into vehicles in what appeared to be casing for valuables. They watched this suspect, followed him as he "tailgated" into a building's garage, behind a tenant. As a result, the suspect stole a bicycle and was captured by the team! Excellent police work!

Have a great weekend! It will be busy in the Central District!

Featured Citizen of the Month

Karin Flood

Each month Central Police Station features a citizen who represents the unique flavor of the Central Police District. This month we interviewed Karin Flood. Karin is the Executive Director of the Union Square Business Improvement District and is also part of the Central Community Police Advisory Board.

1. How long have you lived in San Francisco?

I was born and raised in San Francisco and have lived here for over 40 years.

2. What is your favorite thing about the Central District?

Well Union Square of course! **Union Square is the heart** of San Francisco—ever-changing, eternally celebrating, yet firmly rooted in its rich past. The historic Westin St. Francis Hotel, Macys' our luxury department stores and soon a shiny new Apple store flank Union Square Park which serves as a gathering place for the City and has since 1847, when the City of San Francisco commissioned Jasper O'Farrell to design this central Square. Today Union Square is a hub of retail activity in San Francisco, as well as a destination for visitors from all corners of the globe.

Also love shopping at the Farmer's Market at the Ferry Building, riding a cable car up to Nob Hill, dining in North Beach and driving visitors down Lombard Street!

Continued from page 10

3. What is your connection or involvement with the Central District?

I am the Executive Director of the Union Square Business Improvement District and in this role I devote my time to making the area clean, safe and vibrant. I also serve on the Central CPAB Committee. As part of this committee we focus on partnering with the SFPD to make all of District 3 a safe area to visit by developing community policing strategies.

4. What are some of the significant changes that you have noticed in the Central District in the last 5 years?

The area has become busier with more visitors to the area. The Central District receives the largest number of tourists to the City of San Francisco with many starting their visit in Union Square by riding the Cable Car from Powell and Market to Fisherman's Wharf. The Central District is also where many of the City parades begin including the 3 Giant's parades, Chinese New Year, and others. The different areas in District 3— in particular Fisherman's Wharf and Union Square have advocated for and received additional police presence in the area. The extra safety presence reduces many of the quality of life crimes and creates a more welcoming experience overall. In Union Square the BID has installed over 200 security cameras to assist the SFPD, District Attorney and other City Departments follow up on a crime that has occurred by providing clear video footage that is part of a network of cameras. This also has been effective in deterring crime in the area.
