## Captain Lazar's Message

### Cameron House Carnival!

Cameron House in Chinatown will host their 68<sup>th</sup> annual carnival at 920 Sacramento Street this Saturday. I have agreed to sit on their "dunk tank" at 2:00 p.m. I will be hitting the water for about 20 minutes, as one by one from the community will be giving it their best shot. Supervisor Peskin will be right before me at 1:40 p.m. so hopefully the community will be tired of throwing the ball by the time they get to me.

Commanding Officer Central Station*

### Police Academy Class 252

Yesterday I had the opportunity to host the 252<sup>nd</sup> Police Academy Class. As part of their 8 month training, they spend a day in the community learning the culture and interacting with stakeholders. We focus on community engagement, explaining how essential the partnership is between the police and the community.

They had a great experience as we had them give out "blessing scam awareness bags" in Chinatown, followed by passing out Public Safety Awareness information about a recent sexual assault in the Ping Yuen. In the afternoon, half of the class went to Hyde and Lombard Streets for an hour and passed out "Park Smart" information to the tourists, warning them about auto burglaries, and the other half went to Fisherman's Wharf and was provided an overview of the Wharf by Troy Campbell. We completed the day by a debrief at Central Station. I was impressed with this class and I look forward to receiving a few officers when they graduate in November. I must not forget the incredible lunch at Mona Lisa's. They received the full North Beach experience!

### Central Station Transfers

We congratulate Officers Danny Guo, Courtney Dickson, Edgar Parker, Andrew Rechsteiner and Ryan Walsh for their great work at Central Station and wish them well in their new assignments. We welcome Officers Matthew Ortega, Robert Glenn, Christopher Sabella, and Vincent Busalacchi to Central Station!

I will end this week's newsletter with some great police work:

On April 30, 2016, Plainclothes Sergeant Jones, with Officers Huang, Reyes and Christensen, while searching for auto burglars, arrested a suspect for possessing a stolen scooter at Powell and Northpoint. The officers recovered heroin, methamphetamine, cocaine, 2500 in cash and other evidence. An outstanding arrest!

Have a great weekend!

Captain David Lazar

## PRESS RELEASE

May 5, 2016  
16-050

### **Sobriety Checkpoint In San Francisco**

San Francisco Police Department's Traffic Unit will be conducting a sobriety checkpoint on Friday, May 6<sup>th</sup>, 2016, at an undisclosed location within the city limits between the hours of 7:00 P.M. and 3:00 A.M.

The deterrent effect of sobriety checkpoints is a proven resource in reducing the number of persons killed and injured in alcohol or drug involved crashes. Research shows that crashes involving an impaired driver can be reduced by up to 20 percent when well-publicized sobriety checkpoints and proactive DUI patrols are conducted routinely.

Nationally, the latest data shows nearly 10,000 were killed by an impaired driver. "With ride share cars, taxis, designated drivers and public transportation, there is no real excuse for intoxicated driving" said Officer Albie Esparza of the San Francisco Police Department.

Officers will be looking for signs of alcohol and/or drug impairment with officers checking drivers for proper licensing delaying motorists only momentarily. When possible, specially trained officers will be available to evaluate those suspected of drug-impaired driving. Recent statistics reveal that 30 percent of drivers in fatal crashes had one or more drugs in their systems. A study of active drivers showed more tested positive for drugs that may impair driving (14 percent) than did for alcohol (7.3 percent). Of the drugs, marijuana was most prevalent, at 7.4 percent, slightly more than alcohol.

## PRESS RELEASE

According to the National Highway Traffic Safety Administration (NHTSA), checkpoints have provided the most effective documented results of any of the DUI enforcement strategies, while also yielding considerable cost savings of \$6 for every \$1 spent. Nearly 90 percent of California drivers approve of DUI checkpoints.

DUI Checkpoints are placed in locations based on collision statistics and frequency of DUI arrests affording the greatest opportunity for achieving drunk and drugged driving deterrence. Locations are chosen with safety considerations for the officers and the public.

Drivers caught driving impaired can expect the impact of a DUI arrest to include jail time, fines, fees, DUI classes, other expenses that can exceed \$10,000 not to mention the embarrassment when friends and family find out.

Funding for this checkpoint is provided to the San Francisco Police Department by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration, reminding everyone to 'Report Drunk Driver – Call 9-1-1'.
