[Greg.McEachern@sfgov.org](mailto:Greg.McEachern@sfgov.org)

### **Captain's Comments:**

There will be two significant events over the next few weeks that will impact traffic in the Northern District. This weekend (4/11 & 4/12) and next weekend (4/18 & 4/19) the Cherry Blossom Festival will take place in Japan Town. The festival will draw upwards of 25,000 to 40,000 people each day and will have food, music, and crafts throughout the surrounding streets near Japan Town. The festival will culminate next weekend with the Cherry Blossom Parade on Sunday April 19th. Parking will be limited near the festival area and traffic congestion will make driving difficult. Please consider public transportation if attending the festival.

In addition to the festival, streets in and around the area will be affected by traffic due to street closures. The biggest traffic delays will be in the Van Ness Avenue corridor near the new construction of the CPMC hospital. Van Ness Avenue will be closed to vehicular traffic this weekend as well as the weekend of April 25<sup>th</sup> to accommodate construction of an underground tunnel. It is highly suggested that you take alternate routes during this construction closure as traffic will be severely impacted in the area.

In my last newsletter I discussed our gun buy-back program. The gun-buy back took place on March 21<sup>st</sup> and it was highly successful. There were over ninety guns turned in by the community and we are quite confident that the removal of these guns from our streets and homes will help promote a safer community. For those that participated and assisted in the event, thank you for your help and support.

### **NOTES OF INTEREST FOR March 2015**

- The Line-Up is a crime prevention tool that allows the public to get involved through social media. The goal is to get the public involved in solving cold case files by watching and identifying video surveillance of suspects committing crimes. Contact information will be listed on the site and the public can be anonymous if they choose. The San Francisco Police Department will be releasing one video per week of suspect(s) involved in a criminal act. Remember, you have the power to make a difference in our community. Be a crime fighter and help us in identifying these criminals. The weekly videos can be accessed at the [sf-police.org](http://sf-police.org) website and by clicking on the "line-up" icon at the bottom of the first page.

### **San Francisco Police Foundation**

The SFPD is involved in many types of community events, and actively participates in a variety of philanthropies. Groups are always asking the department for donations of money or to provide some level of involvement in their activities. We recently started the San Francisco Police Foundation to help with the funding of many of these requests. If you would like to donate to the Department's philanthropic endeavors please make checks payable to the SF Police Foundation: Checks can be mailed directly to the following address: San Francisco Police Foundation, C/O Markun, Zusman, & Compton LLP. 465 California Street, SF, CA, 94104. With your help, the Foundation can, and will, make a difference for our City and in the lives of everyone touched by its police officers.

### **Domestic Violence Information**

The San Francisco Police Department's Special Victims Unit (SVU) is a centralized police investigative unit located at the Hall of Justice- 850 Bryant Street, Room # 500. A staff of inspectors at the SVU reviews 350 to 400 incident reports of domestic violence each month.

The SVU investigates all felony arrest cases involving abuse committed against any person, who is a spouse, former spouse, cohabitant, former cohabitant, in a current or former dating relationship, in a current or former engagement, or have a child in common. This includes boyfriend/girlfriend and same sex relationships. The SVU also investigates elder abuse cases (neglect and physical) and stalking cases.

All non-arrest reports are also reviewed by the SVU. The SVU Inspectors telephone every victim in an attempt to advise her/him about follow-up procedures and referrals. A message is left if voice mail is available. **It is important to note that attempts are made to contact all victims in every domestic violence, elder abuse and/or stalking case. Likewise, no SFPD domestic violence report is "just filed". All reports are reviewed; computer checks on alleged suspects for parole/probation violations are completed; victim notifications are conducted and the results of all of the work are logged.** The SVU works closely with Victim Services, Adult Protective Services, and Safe Start I. If you are a victim or know someone who is a victim of domestic violence, please contact the SFPD's Special Victims Unit at 415.553.9227. In an emergency, dial 911. Please be safe and remember that reporting domestic violence doesn't just assist the victim but the victim's family as well.

## **EARTHQUAKE SAFETY TIPS**

### **During the Earthquake:**

- If you are indoors, stay there. Quickly move to a safe location in the room such as under a strong desk, a strong table, or along an interior wall. The goal is to protect you from falling objects and be located near the structural

strong points of the room. Avoid taking cover near windows, large mirrors, hanging objects, heavy furniture, heavy appliances or fireplaces.

- If you are cooking, turn off the stove and take cover.
- If you are outdoors, move to an open area where falling objects are unlikely to strike you. Move away from buildings, power lines and trees.
- If you are driving, slow down smoothly and stop on the side of the road. Avoid stopping on or under bridges and overpasses, or under power lines, trees and large signs. Stay in your car.

### **After the Earthquake:**

- Check for injuries if needed, help ensure the safety of people around you.
- Check for damage. If your building is badly damaged you should leave it until it has been inspected by a safety professional.
- If you smell or hear a gas leak, get everyone outside and open windows and doors. If you can do it safely, turn off the gas at the meter. Report the leak to the Gas Company and Fire Department. Do not use any electrical appliances because a tiny spark could ignite the gas.
- If the power is out, unplug major appliances to prevent possible damage when the power is turned back on. If you see sparks, frayed wires, or smell hot insulation turn off electricity at the main fuse box or breaker. If you will have to step in water to turn off the electricity you should call a professional to turn it off for you.

### **311 Customer Service Center:**

What is 311? 311 is a toll free, **NON-EMERGENCY** phone number that the public can call to access information about government services. A live customer service representative will be available 24 hours a day, seven days a week, and 365 days a year. The service is available to both wired and wireless customers. **District Supervisors**

The Northern District covers 5 different supervisory districts, as follows: District 2, Mark Farrell; District 3, David Chiu; District 5, London Breed; District 6, Jane Kim; and, District 8, Scott Wiener. Each supervisor has their own WEB site; most include a newsletter that I have found to be full of helpful and interesting information. Included are job information, event(s) information, legislation information, etc. I would advise you, if you are interested, to check their sites out.
