Captain's Comments:

May 2, 2014

In our last newsletter I wrote that April was distracted driver's awareness month. During the entire month all district stations focused on distracted driver enforcement and education. As a result, the department wrote nearly seven hundred citations to distracted drivers and Northern Station led all stations with one hundred and forty four citations issued. In addition to the citations, countless individuals were given warnings and educated on the dangers of distracted driving and how it can contribute greatly to serious collisions on our streets. For those that put their cell phones down while driving, we thank you for both your cooperation and contributions to diminishing the number of distracted driving collisions on our streets. During the month of May we will re-focus on pedestrian safety with both education and enforcement operations. If you have any specific locations where pedestrian safety is a concern please email me them so that we can direct resources to the area.

During the month of May our event season kicks off in earnest. The Northern District will be host the Asian Heritage Festival on May 17th in the lower Polk and Larkin street area and on May 18th the Bay to Breakers race will traverse through the Lower Hayes Valley and Hayes Street hill as it does each year. We hope you participate in these events and know that we will have additional officers out during each event ensuring that both the streets and the public remain safe.

At the end of May, Northern Police Station will be hosting and presenting at one of the weekly Police Commission meetings. During the presentation I will speak about public safety and community concerns throughout the Northern District and will answer questions that arise from the public and the Police Commissioners. The meeting will be a good opportunity for the public to provide input to me and the Police Commission so that we can provide the best public safety possible to the Northern District. I encourage you to attend and hear the presentation and to speak about any thoughts you have about our police services throughout the district. As the exact date and time near I will provide the information in the newsletter or a separate email.

Northern Station will be receiving eight new police recruits for training this weekend. The most recent Police Academy graduates this evening and the new recruits will hit the streets on Saturday increasing the number of officers patrolling our neighborhoods. I'm pleased that our staffing numbers are gradually increasing and during one of my upcoming newsletters I will write about staffing plans for our personnel as our numbers continue to increase.

Next week, On May 8th an important fundraising event will take place to assist local youths in our district. **Mo' MAGIC** is a collaboration of over 25 youth programs that serve predominantly low-income and high-risk youth. They provide opportunities for

civic engagement, enrichment, community service and youth development. During the summer months there is an increased need for the youth they serve; students lack access to school lunch programs, learning opportunities, fitness activities and social development. Mo' MAGIC's Summer Learning Initiative focuses on offering hundreds of youth quality summer experiences, including field trips, mentoring workshops, book giveaways, literacy enrichment, science activities and access to nutritious meals.

Please support **Mo' MAGIC** in its goal to bridge the gap between need and access by widening their resources and providing important opportunities within the community. With your generous support **Mo' MAGIC** will provide youth a safe place to learn, grow and enjoy the **magic** of summer. The Police Department, and specifically Northern Station officers are heavily involved with Mo Magic and we are hopeful that you can support this great program so that the youth of our city, and our neighborhoods, receive as much positive support as possible. If you would like to attend the fundraiser or just provide a donation to this great cause please go to the below web site to provide your support.

Crime in the district continues to be lower than this time last year. We have seen a decrease in both violent and property crimes. However, we have traditionally seen crime increase as the weather warms up and the days become longer so please continue to be vigilant about protecting yourselves and your property. Whenever you see suspicious activities please report it to us and continue to report crimes that occur so that we can accurately and timely respond and investigate any incidents. Below are the crime statistics through March, 2014. Our next newsletter will have the numbers updated through April.

NOTES OF INTEREST FOR MAY 2014

- *The Line-Up is a crime prevention tool that allows the public to get involved through social media. The goal is to get the public involved in solving cold case files by watching and identifying video surveillance of suspects committing crimes. Contact information will be listed on the site and the public can be anonymous if they choose. The San Francisco Police Department will be releasing one video per week of suspect(s) involved in a criminal act. Remember, you have the power to make a difference in our community. Be a crime fighter and help us in identifying these criminals. The weekly videos can be accessed at the sf-police.org website and by clicking on the "line-up" icon at the bottom of the first page.*

San Francisco Police Foundation

The SFPD is involved in many types of community events, and actively participates in a variety of philanthropies. Groups are always asking the department for donations of money or to provide some level of involvement in their activities. We recently started the San Francisco Police Foundation to help with the funding of many of these requests. If you would like to donate to the Department's philanthropic endeavors please make checks payable to the SF Police Foundation: Checks can be mailed directly to the following address: San Francisco Police Foundation, C/O Markun, Zusman, & Compton LLP. 465 California Street, SF, CA, 94104. With your help, the Foundation can, and will, make a difference for our City and in the lives of everyone touched by its police officers.

Note: The Northern Station Police Month Crime meeting is held the second Thursday of each month. The next meeting will be held May 8th at 6 pm at Northern Station's Community Room.

****The officers of Northern Station work hard each and every day to keep the streets safe for everyone. They are making some excellent**

arrests. Here is a **small snapshot** of what they are doing. I encourage you to log on to the **SFPD website** and under 'compstat' you will find a link to 'crime maps' that will provide very timely crime information and a greater accounting.

Warrant Arrest, 4/27/14 10:32 Pm Webster/Post

Officers responded to a citizen complaint of a male subject carving into a tree with a large knife. Officers arrived and spoke to the subject. The subject was holding a laptop computer. A pat search for weapons revealed a 15" knife in a sheath attached to his beltline. The officers asked the male what he was doing with the knife and he said that he was "just outside playing the flute". The subject told the officers that the laptop belonged to him. They asked him where he bought it, and he responded that he found it. He changed his story and said that a school janitor gave him the computer. Officers attempted to locate the rightful owner; with negative results. The officers ran a computer check on the subject and discovered numerous outstanding warrants totaling several thousand dollars. He was booked at Northern Station. They were not able to locate the 911 caller, laptop owner, or any damage to the trees in the area. The laptop was booked into evidence, property for safekeeping.

Stolen Vehicle Arrest, 4/23/14 6:29 Pm McAllister/Polk

Officers on uniformed patrol were driving in the above area. They noticed a gray Scion and ran a records check on the plate. The Scion returned as a reported stolen vehicle. The officers conducted a traffic stop on the vehicle. The driver exited the vehicle and was handcuffed. He gave the officers an incorrect name, and had no driver's license in his possession. The officers had to transport the subject to Northern Station and run a computer finger print check. This revealed his true name, and officers discovered several outstanding warrants for his arrest. He was booked at Northern Station. The owner of the vehicle was contacted and she came and took possession of her car.

Vandalism to Vehicle, Theft from Locked Vehicle Arrest, 4/23/14 7:00 Pm 2400 Block of California St.

Officers responded to a parking lot in the above area. A caller had reported several males casing vehicles in the lot. They had already broken into one car and removed items. They were loading their getaway vehicle with loot. The caller was able provide suspect and vehicle descriptions, including the vehicle's license plate. The officers arrived as the subjects entered their car. They reclined the seats and got down low inside the car as if to avoid police detection. Additional officers responded to the scene. The caller notified the officers that they had the correct vehicle. All three subjects were detained, and their clothing matched descriptions provided by the caller. The caller positively identified all subjects. The caller had video footage of the suspects breaking into the cars, which he gave to the officers. The subjects were transported to, interviewed and booked at Northern Station. The officers were able to locate the victims and return their stolen property to them.

Burglary, Apartment House, Unlawful Entry, 4/21/14 3:00 Pm 1300 Block of Bush St.

Officers responded to call for service where a neighbor saw two subjects exiting his neighbor's house from the rear patio area. The caller actually confronted the two on the patio. When he asked which apartment do the subjects live in, they left the area. The caller watched as the subjects climbed through a parking garage in an attempt to flee the area. The caller advised the officers the subject description, and direction of travel. The officers caught up to, and detained the male subject. A search of him revealed an Ipad with a woman's name on it. Once both of the subjects were detained the officers located the apartment that was believed to be burglarized. The name associated with the apartment was the same as the name on the Ipad. Its rear sliding door was unlocked. Officers contacted the owner who responded to their home. The caller positively identified the subjects, and they were booked at county jail. Officers recovered all stolen items and returned them to the owner.

Aggravated Assault Arrest, 4/20/14 12:41 Pm 1500 Block of California St.

Officers were called to the above area regarding a group of males involved in a large fist fight in the street. The fight seemed to stop and the group of combatants went back inside a nearby bar. The suspects left the bar just prior to police arrival. Police met with the victims. The main victim said that an individual approached him, and for no apparent reason punched him in the face. The victim fell to the ground and was hit in the head with a "hard object". Officers called for medical assistance for the victims. Officers in the area searched and found the main subject. He was identified by numerous witnesses. During the cold show, the subject's friends came back outside the bar and began to yell at the victim and police. All parties returned to Northern Station where they were interviewed and the subject was booked.

Carrying Concealed Weapon with a Felony Conviction, Traffic Violation, Probation Violation, Restraining Order Violation Arrest, 4/20/14 5:40 Pm Franklin/Greenwich

Officers were on uniformed patrol. They were flagged down by a motorist that stated he had just been in an altercation with another male driver. The subject pointed a gun at the victim, and then drove off. The victim gave a description of the vehicle and subject. He said that he wanted to leave. A search for the subject began. Officers quickly caught up to the subject who had stopped a few blocks away. Officers spoke with the subject. The investigating officer saw an open bottle of beer and a white pill on the passenger's seat. The officer recognized through his training and experience that the pill was an oxycodone pill. The subject was removed from the vehicle. A sweep of the vehicle for weapons revealed a fully loaded, cocked, 45 caliber handgun under the driver's seat. The gun was secured and the felon transported to Northern Station where he was booked.

Store Burglary, Unlawful Entry, Conspiracy, Probation Violation, Warrant Arrest, 4/20/14 2:15 Pm 1600 Block of Polk St.

Officers were called to a business regarding a cell phone theft. The caller said that a female subject stole one of the employee's phones from the counter. The phone's tracking system was

working and officers were directed to a nearby address. Store employees had followed the subject and used the “track my Iphone” app. The employees were attempting to confront the subject as officers arrived. She was taken into custody. The victim told police that she just wanted the phone back and she wouldn’t press charges for the theft. The subject told the victim that the phone was in her apartment. The subject let the officers in to attempt to find the phone, but it wasn’t there. The subject said that her boyfriend may have the phone. Officers called the boyfriend who denied any involvement. The subject began to cry hysterically saying that she didn’t want to go to jail on Easter. The officers broadcast the boyfriend’s description to assisting units. The victim told officers that they confronted the subject about taking the phone. The said that they know she took it, they watched her do it. The subject continued to deny involvement. The subject was booked at County Jail on the above charges.

Driving Under the Influence of Alcohol Arrest, 4/19/14 2:40 Am Washington/Gough

Uniformed officers on patrol came upon a vehicle which was stopped at a red light. After the second cycle of green to red they decided to check on the driver. The driver’s head was tilted back and his eyes were closed. The vehicle’s engine was still running. The subject woke up and the officers instructed him to turn off the engine and place the vehicle in park. The subject did so and stepped out of the car. Immediately the officers noticed an overwhelming odor of an alcoholic beverage. The subject’s eyes were bloodshot and his face was flushed and sweaty. The subject said that he did not have anything to drink tonight. Officers began their driving under the influence investigation. The officers asked the male what he had to drink and he said 3 beers. They demonstrated and instructed the subject on each sobriety test. He performed them unsatisfactorily. The officers asked the subject to write out the English alphabet on a sheet of paper. He wrote the vowels of the English alphabet. The officers arrested the male for the above charges, and booked him at Northern Station.

Aggravated Assault W/ Other Weapon, Parole Violation Arrest, 4/18/14 11:38 Am Herman/Laguna

Officers were called to a street fight with one subject armed with a pole. Officers caught up to the subjects. One subject was bleeding from a approx. 3” wound above his left eyelid. He was treated and released by medics, refusing further medical treatment. The victim said that the subject hit him in the head with a pipe. He said he was struck so hard he flipped over a vehicle and fell on the ground. Several witnesses corroborated the story. The victim said that this was an argument over drug and money. The subject was transported to Northern Station where he was booked on the above charges.

Stolen Vehicle Arrest, 4/16/14 4:40 Am Washington/Van Ness

Officers on patrol were stopped at a traffic light. They ran a computer check on a motorcycle which was stopped nearby. The plate returned stolen. The officers exited the patrol car and were walking towards the subjects to speak to them. The female put her helmet on and jumped onto the back of the bike. The driver started the bike and drove off. Officers broadcast the incident to assisting officers. Officers were able to locate the bike a few blocks away. The female passenger left the bike and dropped her helmet, then attempted to walk away from the

bike. The driver accidentally dropped the bike onto its side. As officers closed in on him, he attempted to pick up the motorcycle and start it to escape. He could not do it and officers quickly had him in handcuffs. The driver had a small bottle of suspected liquid heroin in his pocket. He complained of having pain to his knee and elbow from dropping the bike, prior to being arrested. Officers had the subject medically cleared. The driver said that his friend gave him the motorcycle and he was just having fun driving his girlfriend around the city. Officers contacted the rightful owner of the bike, who told them that bike had been stolen her several days ago. Officers inspected the motorcycle and discovered that the ignition had been punched. The motorcycle was returned to its owner. The drugs were processed and later booked into evidence. The subjects were booked at County Jail.

Domestic Violence Information

The San Francisco Police Department's Special Victims Unit (SVU) is a centralized police investigative unit located at the Hall of Justice- 850 Bryant Street, Room # 500. A

staff of inspectors at the SVU reviews 350 to 400 incident reports of domestic violence each month.

The SVU investigates all felony arrest cases involving abuse committed against any person, who is a spouse, former spouse, cohabitant, former cohabitant, in a current or former dating relationship, in a current or former engagement, or have a child in common. This includes boyfriend/girlfriend and same sex relationships. The SVU also investigates elder abuse cases (neglect and physical) and stalking cases.

All non-arrest reports are also reviewed by the SVU. The SVU Inspectors telephone every victim in an attempt to advise her/him about follow-up procedures and referrals. A message is left if voice mail is available. **It is important to note that attempts are made to contact all victims in every domestic violence, elder abuse and/or stalking case. Likewise, no SFPD domestic violence report is “just filed”. All reports are reviewed; computer checks on alleged suspects for parole/probation violations are completed; victim notifications are conducted and the results of all of the work are logged.** The SVU works closely with Victim Services, Adult Protective Services, and Safe Start I. If you are a victim or know someone who is a victim of domestic violence, please contact the SFPD’s Special Victims Unit at 415.553.9227. In an emergency, dial 911. Please be safe and remember that reporting domestic violence doesn’t just assist the victim but the victim’s family as well.

EARTHQUAKE SAFETY TIPS

During the Earthquake:

- If you are indoors, stay there. Quickly move to a safe location in the room such as under a strong desk, a strong table, or along an interior wall. The goal is to protect you from falling objects and be located near the structural strong points of the room. Avoid taking cover near windows, large mirrors, hanging objects, heavy furniture, heavy appliances or fireplaces.
- If you are cooking, turn off the stove and take cover.

- If you are outdoors, move to an open area where falling objects are unlikely to strike you. Move away from buildings, power lines and trees.
- If you are driving, slow down smoothly and stop on the side of the road. Avoid stopping on or under bridges and overpasses, or under power lines, trees and large signs. Stay in your car.

After the Earthquake:

- Check for injuries if needed, help ensure the safety of people around you.
- Check for damage. If your building is badly damaged you should leave it until it has been inspected by a safety professional.
- If you smell or hear a gas leak, get everyone outside and open windows and doors. If you can do it safely, turn off the gas at the meter. Report the leak to the Gas Company and Fire Department. Do not use any electrical appliances because a tiny spark could ignite the gas.
- If the power is out, unplug major appliances to prevent possible damage when the power is turned back on. If you see sparks, frayed wires, or smell hot insulation turn off electricity at the main fuse box or breaker. If you will have to step in water to turn off the electricity you should call a professional to turn it off for you.

311 Customer Service Center:

What is 311? 311 is a toll free, **NON-EMERGENCY** phone number that the public can call to access information about government services. A live customer service representative will be available 24 hours a day, seven days a week, and 365 days a year. The service is available to both wired and wireless customers. Wireless customers should call (415) 701-2311. 311 employees will be able to provide translations services in more than 145 languages and dialects and will employ a diverse staff of customer service representatives. Once your complaint is logged you will be given a tracking number to follow up on at a later date. Additionally, 311 are set up to accept calls from the hearing impaired by utilizing a TTY System. **Note:** 3-1-1 now has a victim's services website: <http://sfvictimservices.org> for more information.

How does 911 work on cell phones in San Francisco?

If you are on **surface streets** in San Francisco and dial 911, your call will be answered by the San Francisco Department of Emergency Management. Once the San Francisco Department of Emergency Management determines what emergency services are needed, they will then process your call.

If you are on a **freeway** in San Francisco and dial 911, your call will be answered by either by the San Francisco Department of Emergency Management Services or the California Highway Patrol Dispatch Center. Regardless, your 911 call will be routed to the proper emergency agency, the San Francisco Police Department, the California Highway Patrol, or the San Francisco Fire Department, including ambulance service.

Public Service Information:

Be advised....Parking meters will be enforced on all holidays and both weekend days, EXCEPT Thanksgiving, Christmas, and New Years. www.sfmta.com.

District Supervisors

The Northern District covers 5 different supervisory districts, as follows: District 2, Mark Farrell; District 3, David Chiu; District 5, London Breed; District 6, Jane Kim; and, District 8, Scott Wiener. Each supervisor has their own WEB site; most include a newsletter that I have found to be full of helpful and interesting information. Included are job information, event(s) information, legislation information, etc. I would advise you, if you are interested, to check their sites out.
